

# **Advisory Stakeholder Group Meeting**

Kailua Waterways Improvement  
Program

Kailua Elementary School  
August 15, 2002

## **Meeting Agenda**

- \* Introductions
- \* Purpose and Goal of ASG
- \* Roles and Responsibilities
- \* Communication Protocols
- \* ASG Working Groups
- \* Conclusion

# Introductions

- \* ASG Identified based on:
  - Level of interest
  - Level of commitment
  - Stakeholder representation
  - Diversity

# Purpose and Goal of ASG: Background

- \* KWIP is KBAC-Funded Project
- \* KBAC Mission

*Establish programs to improve water  
quality in Koolaupoko watershed*

## **Purpose and Goal of ASG: KWIP**

- \* KWIP initiated in May 2002

- \* KWIP Mission

*Develop a community-based strategic implementation plan to improve water quality in Kailua waterways*

## **Purpose and Goal of ASG: SIP**

- \* SIP:

1. Describe water quality problems in the Kailua waterways system
2. Identify and prioritize appropriate remedial measures
3. Outline a strategy for most feasible measures resulting in the greatest improvement in water quality

## **Purpose and Goal of ASG**

Purpose: Provide community and stakeholder input to develop and support the SIP

Goal: Rank and prioritize water quality issues and relevant solutions

Result: Doable cleanup action(s)!

## **ASG Responsibilities**

- \* Attend regular ASG monthly meetings
- \* Validate water quality concerns
- \* Participate in trainings, workshops, workgroups
- \* Participate in ranking and prioritization

## **ASG Membership Commitment**

- \* SIP scheduled for completion in April 2003
- \* Memorandum of Agreement

## **Communication Protocol**

- \* Meetings
- \* Information dissemination
- \* ASG guidelines (handout)

## **Proposed Working Groups**
